ELI ROHITH SRI GANESH

Software Development Engineer | Java & Cloud Backend Developer

+91 7842688589 | rohitheli4444@gmail.com | LinkedIn | GitHub | LeetCode | Hyderabad / Bengaluru, India

PROFESSIONAL SUMMARY

Final-year B.Tech graduate in **Artificial Intelligence & Data Science (2026, 8.25 CGPA)** targeting Software Development Engineer (SDE) and Java Backend roles. Proficient in **Java, Spring Boot, Object-Oriented Programming (OOP)**, REST APIs, and relational database systems. Strong analytical foundation with **100+ LeetCode DSA problems** solved and certified with an official **AWS Educate Credly Badge**. Demonstrated ability in **team collaboration, effective communication, and Agile sprint workflows**. Dedicated to building robust backend solutions and contributing effectively within fast-paced engineering teams.

TECHNICAL SKILLS

- **Programming Languages:** Java (Core, OOP, Multithreading, Streams), Python, C, JavaScript (ES6+), SQL
- **Web & Frontend:** HTML5, CSS3, JavaScript, React (Basics), Responsive Web Layouts, RESTful Client Integration
- **Backend & Frameworks:** Spring Boot 3, RESTful APIs, Spring Data JPA, Hibernate ORM, Microservices, Swagger/OpenAPI
- **Cloud, DevOps & CI/CD:** Amazon Web Services (AWS EC2, S3), Docker, CI/CD Pipelines, Flyway Migrations, Render
- **Concurrency & Security:** Pessimistic Locking, ACID Transactions, Idempotency Keys, JWT, Spring Security (RBAC)
- **Databases & Tools:** MySQL (Schema Design, Indexing, Query Optimization), Git, GitHub, Maven, Postman, JUnit 5
- **Core CS Fundamentals:** Data Structures & Algorithms (DSA), OOP (SOLID Principles), Operating Systems (OS), DBMS, SDLC & Agile

WORK EXPERIENCE

Machine Learning Intern | *Skill Craft Technology* **Sep 2025 – Oct 2025**

- Constructed ETL preprocessing pipelines for **5,000+ tabular records** using **Python, Pandas**, and **NumPy**, eliminating missing entries and normalizing feature sets.
- Evaluated and benchmarked **3 supervised ML models** (Decision Trees, Logistic Regression, SVM), achieving **92% classification accuracy** with diagnostic ROC-AUC curves.

Java Full Stack Developer Intern | *EduSkills Foundation (AICTE-backed)* **Apr 2025 – Jul 2025**

- Developed **8+ modular backend REST API endpoints** with **Java 17, Spring Boot**, and **MySQL** following Controller-Service-Repository architecture.
- Implemented relational data models across **5 database entities** and preserved transactional integrity with **Spring Data JPA** and **Hibernate ORM**.
- Validated **100% of API contract payloads** with **Postman**, authored **15+ unit tests** in **JUnit 5**, and tracked sprint deliverables across **4 Agile sprint cycles**.

TECHNICAL PROJECTS

AI-Based Credit Risk Assessment & Loan Approval System **Jan 2026 – Apr 2026**

Java 17, Spring Boot 3, MySQL, Spring Security, JWT, Flyway, Docker, CI/CD, Render GitHub | Live Demo

- Engineered an algorithmic financial decisioning engine assessing applicant creditworthiness across **10+ risk parameters** and DTI ratios in **under 200ms**.
- Secured **12 REST endpoints** using stateless **JWT authentication** with 2-tier RBAC (`ROLE_ADMIN`, `ROLE_CUSTOMER`), executed **4 Flyway migrations**, and containerized with **Docker**.

Digital Wallet & High-Concurrency P2P Engine **Feb 2026 – Mar 2026**

Java 17, Spring Boot 3, MySQL, Spring Data JPA, Pessimistic Locking, JUnit 5, Swagger UI GitHub | Live Demo

- Architected a high-throughput peer-to-peer (P2P) ledger API processing concurrent transfers in **sub-150ms latency** while eliminating double-spending via database-level **Pessimistic Locking** (`SELECT ... FOR UPDATE`).
- Enforced ACID transaction boundaries with `@Transactional` rollbacks, integrated **Idempotency-Key** headers, and achieved **100% pass rate across 12 concurrency test cases** in **JUnit 5**.

Student Management System **May 2025 – Jul 2025**

Java 17, Spring Boot, MySQL, Spring Data JPA, Hibernate ORM, RESTful APIs, Postman GitHub

- Delivered an N-tier backend service supporting **500+ student profiles** across **15+ course enrollment workflows**.
- Authored **6 transactional CRUD endpoints** with **Spring Data JPA** exception handling, verified across an interactive collection of **20+ Postman requests**.

EDUCATION

Swarnandhra College of Engineering and Technology, Andhra Pradesh **2022 – 2026**

Bachelor of Technology (B.Tech) in Artificial Intelligence and Data Science **CGPA: 8.25 / 10**

Bhaskara Junior College — Intermediate (MPC, 78.1%, 2020–2022)

Bhashyam High School — SSC (91.67%, 2020)

CERTIFICATIONS & ACHIEVEMENTS

- **AWS Educate:** Cloud Architecture & Fundamentals — **Verified Credly Digital Badge** (Amazon Web Services).
- **NPTEL (IIT Kharagpur):** Programming in Java — **Elite Certificate** (Ranked in top candidate tier).
- **Infosys Springboard:** RESTful API Design & Backend Architecture Certification.
- **Google / Coursera:** Google Data Analytics Professional Certificate.
- **LeetCode:** Solved **100+ DSA problems** covering Dynamic Programming, Hash Tables, Two Pointers, and Arrays.
